THOMAS JEFFERSON UNIVERSITY & HOSPITALS
DEPARTMENT OF RADIATION ONCOLOGY

APPLICATION FOR THE

2014 SIMON KRAMER EXTERNSHIP IN RADIATION ONCOLOGY

The Department of Radiation Oncology at Thomas Jefferson University & Hospitals in Philadelphia, Pennsylvania, is offering the annual Simon Kramer Society Externship in Radiation Oncology. This externship was established for the purpose of exposing medical students to the discipline of radiation oncology and provides up to two students each year with the opportunity to spend six weeks in our Department working on a research project and participating in clinical and educational activities. You must be a first or second year student in good standing in an accredited U.S. Medical School in order to be considered for this externship. The start and end dates will be determined with the students after the selection process, but must occur between June and August.

We are able to provide each extern with a $750 stipend which will be paid within two weeks of their arrival at Jefferson. We are not able to provide any assistance with travel, housing, meals, or other expenses. There may be an opportunity for housing on the Jefferson campus during the externship (which we can help you explore) but this is also at the student's expense.

When applying, students should indicate whether they wish to pursue a research project in medical physics, molecular radiation biology, or clinical radiation oncology.

Students should complete the attached application and return it to Debra Brennan on or before March 15, 2014 at:

Debra.Brennan@jeffersonhospital.org

You should also contact Mrs. Brennan with any questions you may have concerning the externship.

2014 SIMON KRAMER EXTERNSHIP IN RADIATION ONCOLOGY

APPLICATION

NAME: ____________________________________________
E-MAIL ADDRESS: __________________________________
CELL PHONE: ______________________________________
ADDRESS: _________________________________________

MEDICAL SCHOOL: __________________________________
ADDRESS: _________________________________________
I AM A: ___ First Year Student ___ Second Year Student

EXPECTED GRADUATION DATE: _______________________

Please provide the names, e-mail addresses and phone numbers of (a) a Radiation Oncologist you have worked with and (b) a Faculty member from your medical school whom we can contact for references. If you have not yet worked with a Radiation Oncologist, please supply contact information for two Faculty Members.

Radiation Oncologist: __________________________________
E-mail Address: ____________________________________
Phone: ____________________________________________

Faculty Member: __________________________________
E-mail Address: __________________________________
Phone: __________________________________________

What type of research project would you like to do?

__________ Clinical Radiation Oncology
__________ Medical Physics
__________ Molecular Radiation Biology
Please explain, in 200 words or less, why you would like to participate in this externship in Radiation Oncology.

Please return this form and copy of your current Curriculum Vitae on or before March 15, 2014 to Debra Brennan at: Debra.Brennan@jeffersonhospital.org
